

Platform for International Student Mobility (PIM)

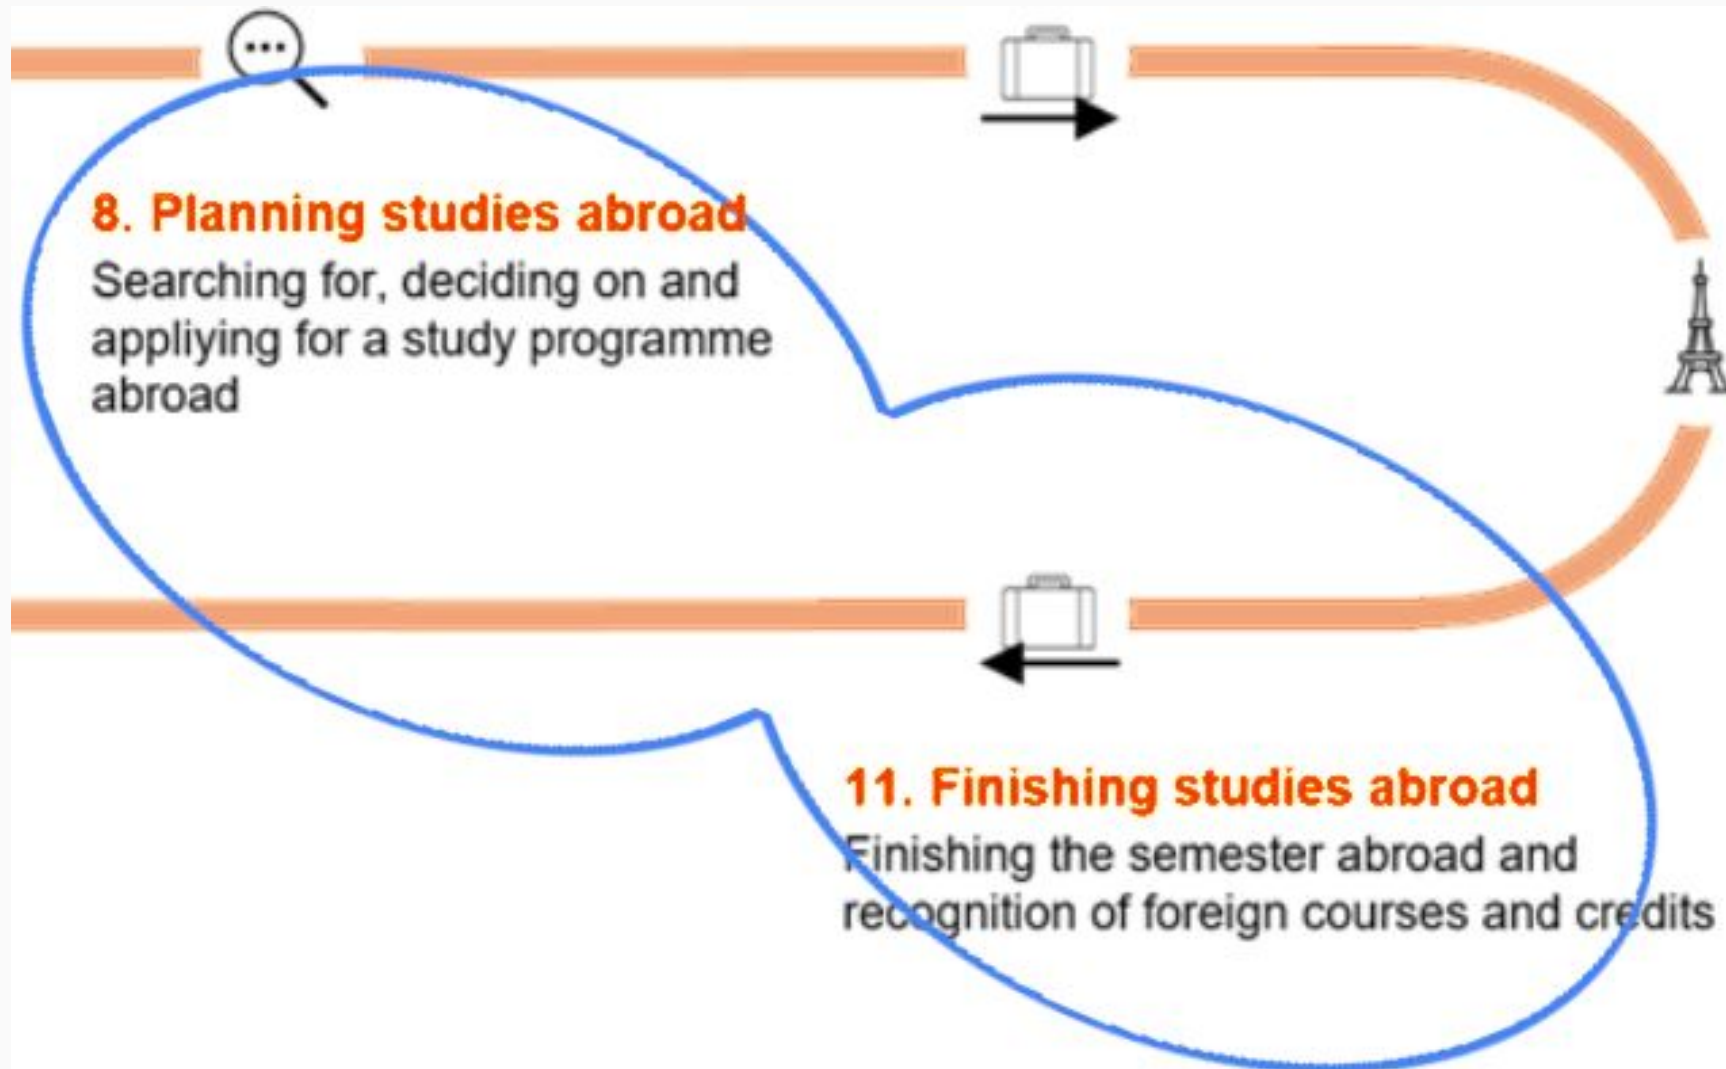

<https://pim-plattform.de/en>

Wolfgang Radenbach (wolfgang.radenbach@uni-goettingen.de)

Gerald Lach (lach@math.tu-berlin.de)

Denisa Steiper (denisa.steiper@uni-goettingen.de)

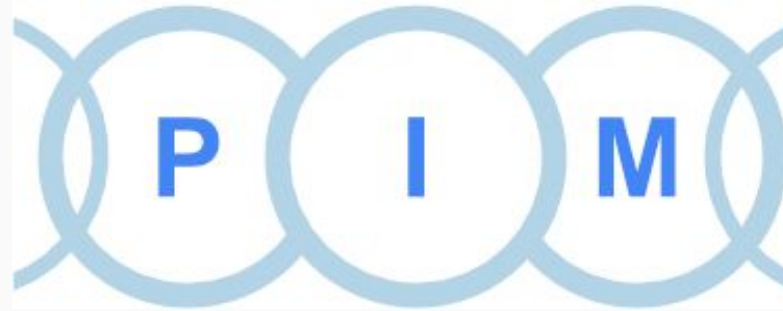

Focus of PIM: Before departure + after return

EDSSI

EDCI

**Linking services as
simple as possible**

Local student
information system
(SIS)

Local administrative
processes

=
11 HEI
+
1 IT-Center
+
5 student information
systems

exciting semester abroad finished

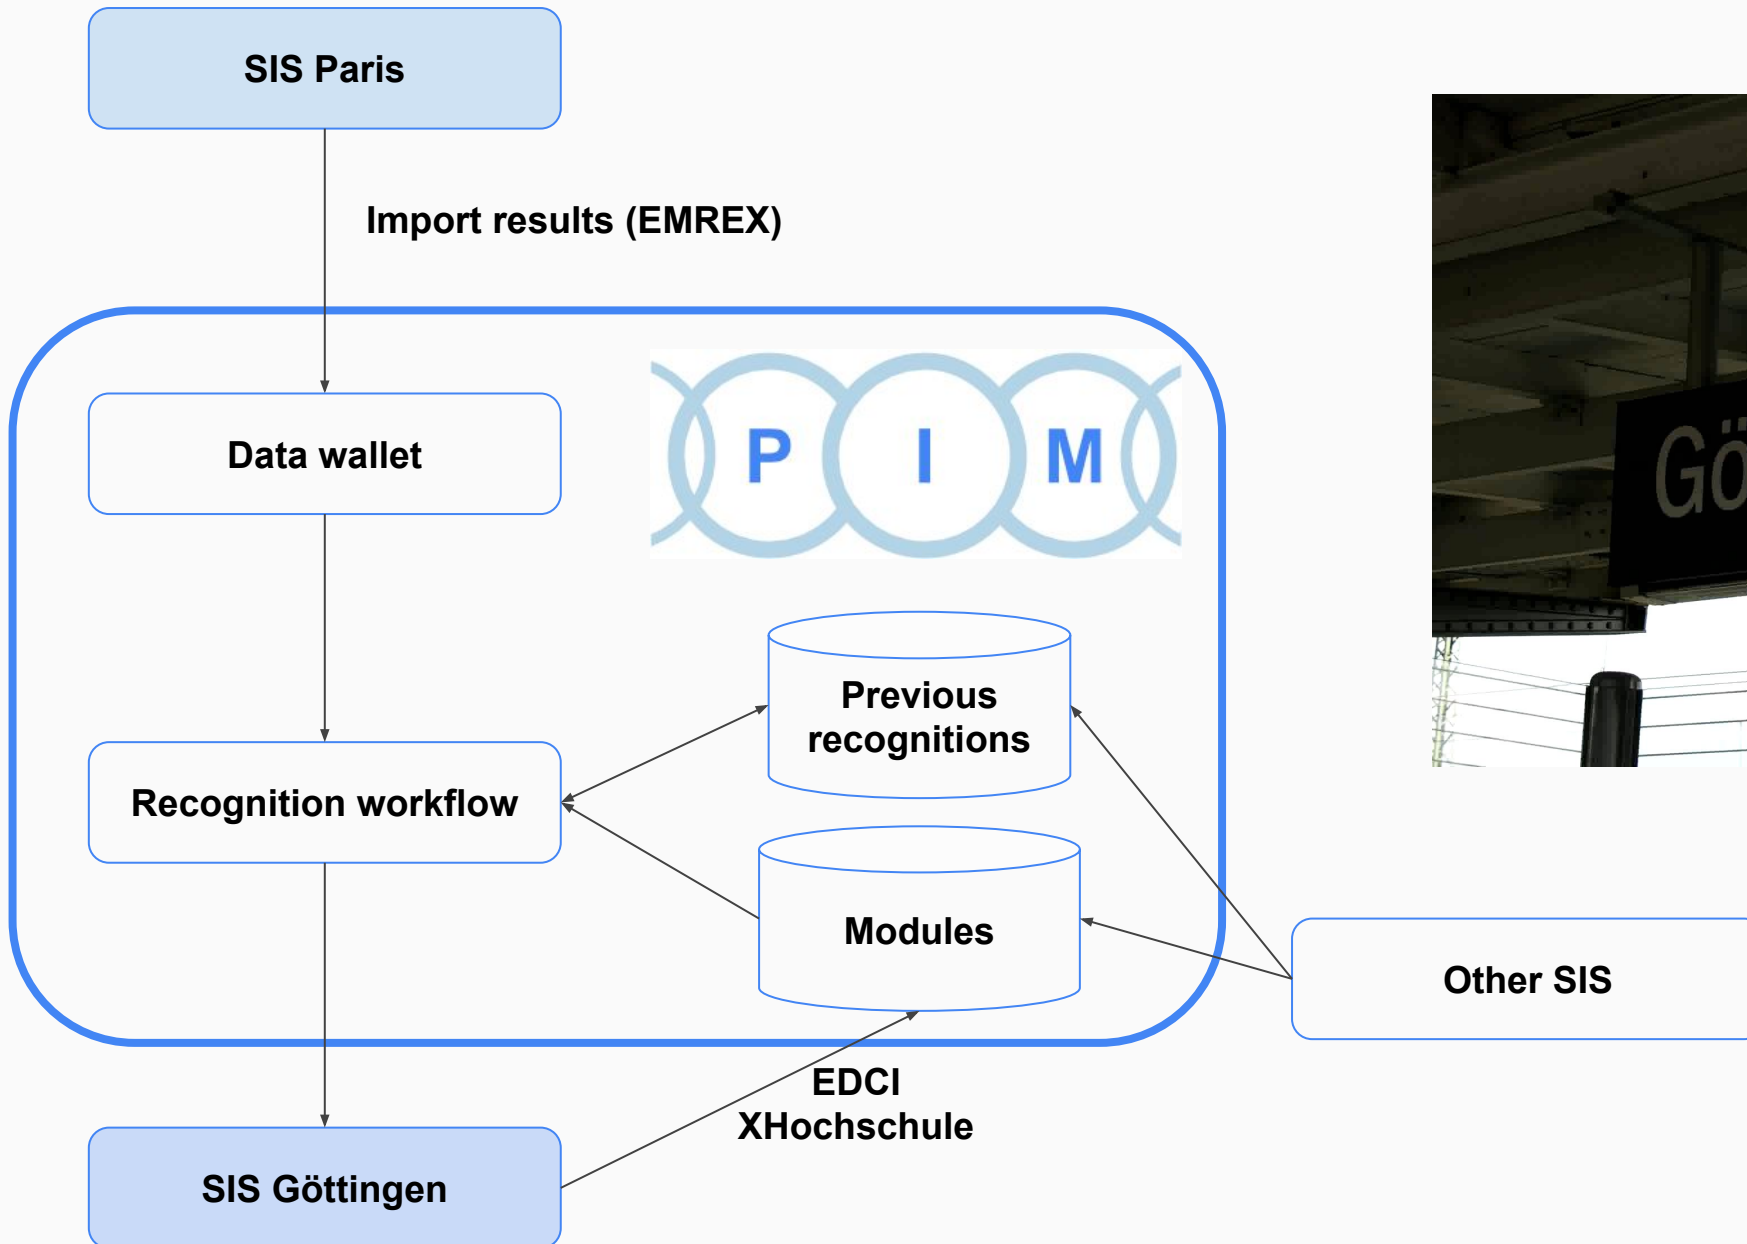

“almost” according to learning agreement

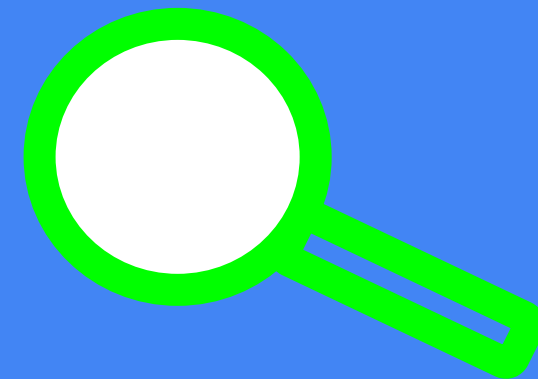

many exams taken

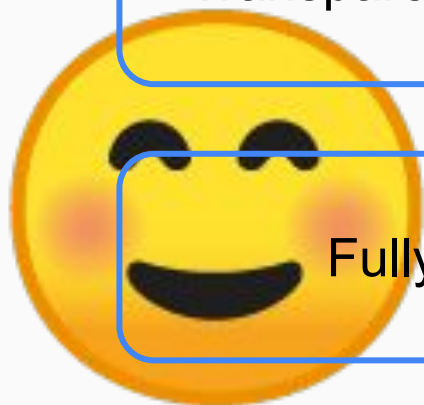

(some are not yet graded)

Initial focus: Recognition of transfer credits

Transparent processes

Fully digital

Process owner = student
(+ HEI)

Smooth integration with EU-tools + national
software information systems

Use of European standards
(ELMO, ECDI)

National database of modules and accepted
transfer credits

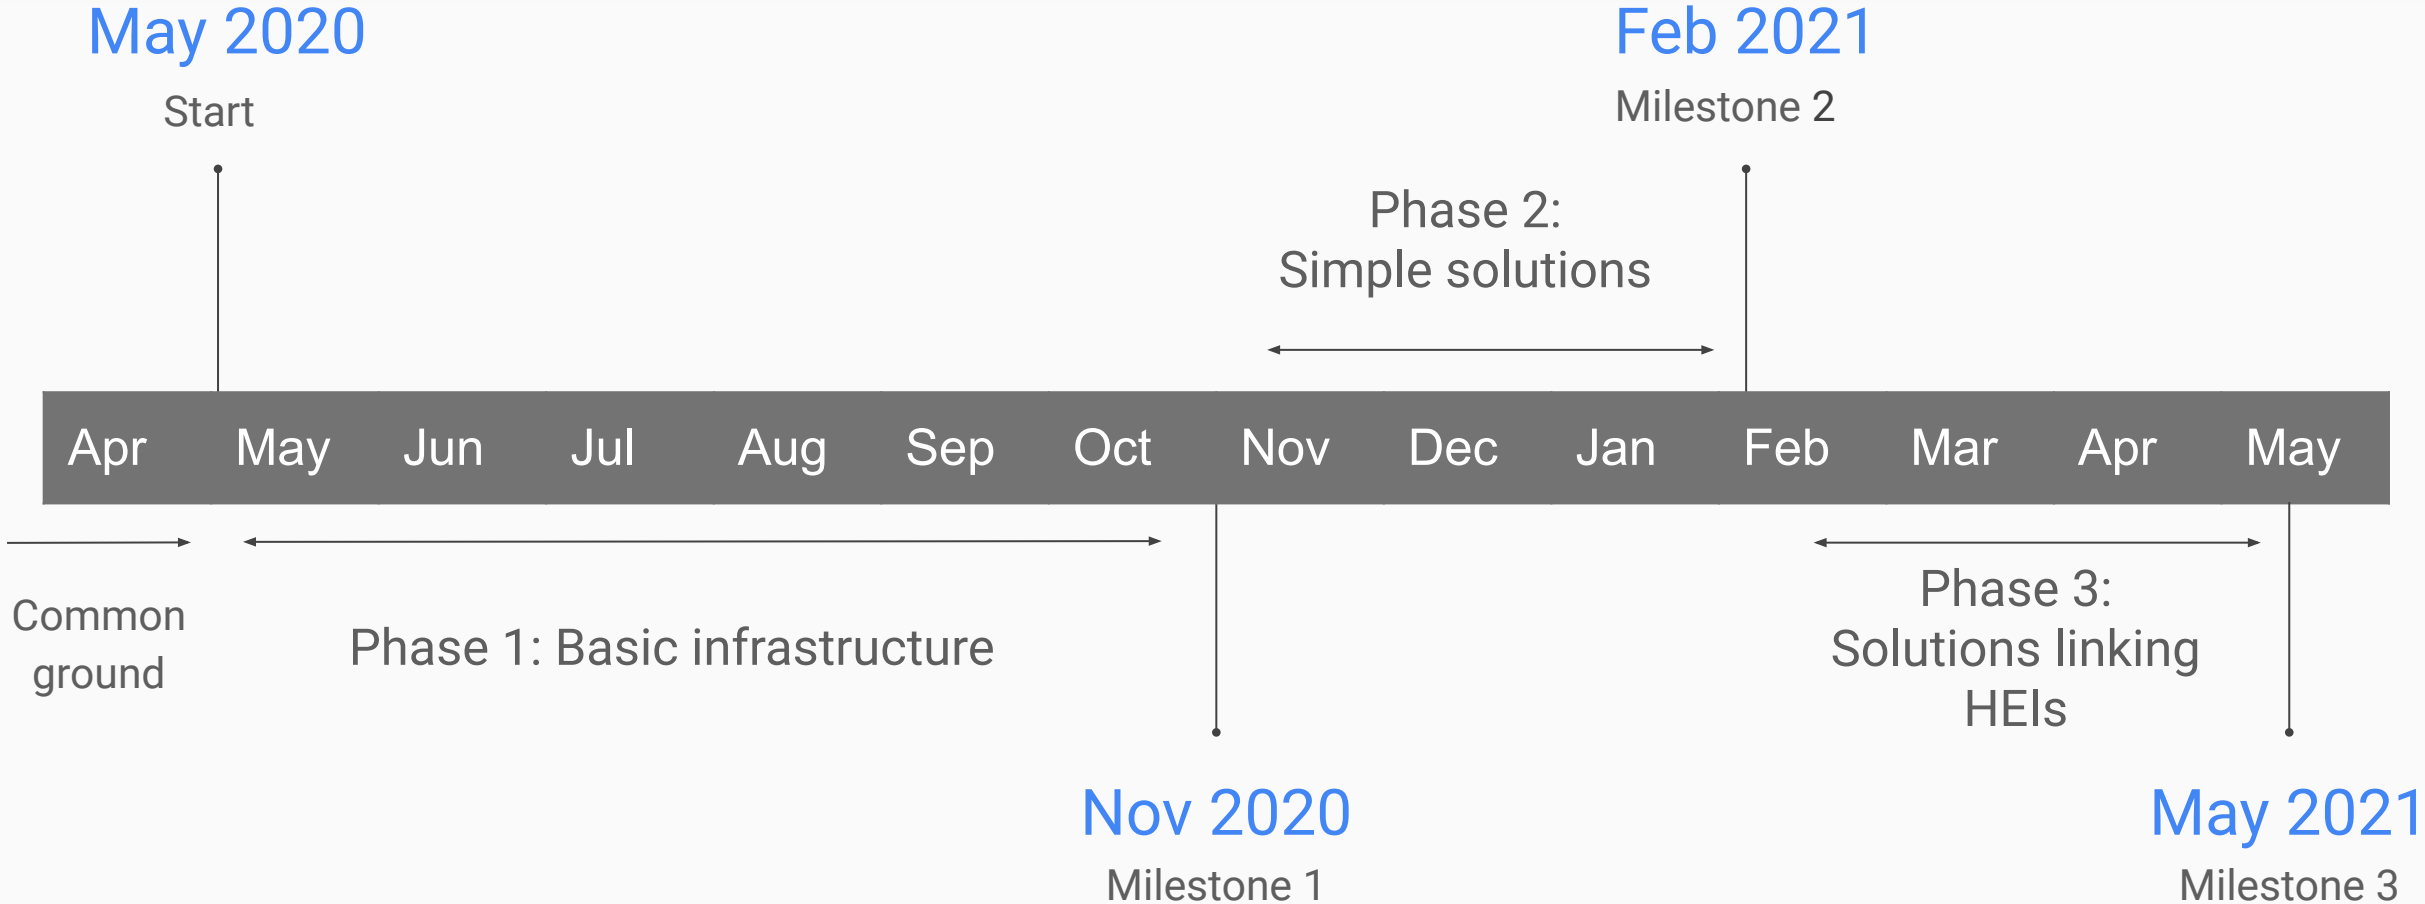

**Crucial:
Strong interaction
of all ongoing
projects**

Users just want useful and working services

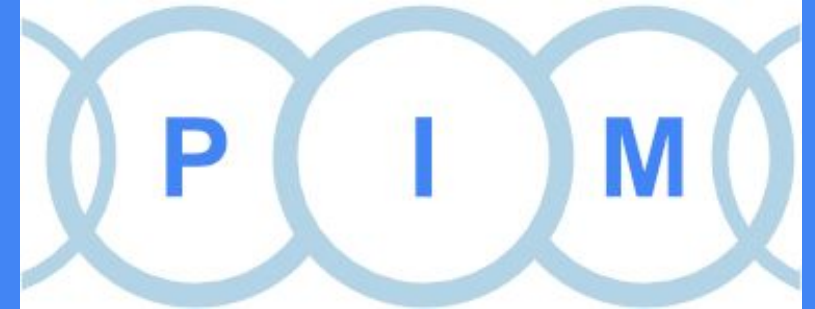

Work packages

Work package	Start	Specification	Implementation
EMREX-Import + workflow for recognition	25.5.2020 ✓	✓	●
EMREX Export	11.5.2020 ✓	✓	●
National database of modules	4.5.2020	●	●
National database of previous recognitions	19.10.2020		
Integration eID	10/2020		Edugain: ✓

Goal: 05/2021 = MVP
